MEDIA STATEMENT WITH THE PAC MEMBERS:

1. The Committee is referring to the statement of the Federal Territories Foundation (YWP) that YWP is considering to take legal action against the PAC Chairman regarding the PAC Report on the Sale of Land Owned by the Kuala Lumpur City Hall (DBKL) which was tabled in the Parliament last Wednesday.
2. The PAC unanimously described the statement as uncalled for and is an attempt to challenge and violate the integrity of the Parliamentary institution.
3. All accusations on the report are completely baseless and PAC has conducted investigations into any issue without prejudice against any parties.
4. This Committee warns any parties to not question the work conducted by the PAC and threaten to take legal action against the Chairman or any PAC members while performing their duties as PAC members.
5. Any accusation or threat to the PAC or any members of this Committee related to the issues that are under investigation or reports tabled is clearly interfering with the jurisdiction of the Parliament as the Legislative Branch under the Federal Constitution.

6. The PAC will not submit to the accusations or threats from any parties in carrying out the duty of this Committee as stipulated in the national law.

Thank you.
